TAKE NOTICE.

E. & J. MOULTON & CO. would inform those who are indebted to them by note or account, that for the future they intend to change their mode of doing business by selling less on credit and more for cash and barter and being very desirous of settling up their demands, they most earnestly request all those indebted to call and adjust their account without delay. To those who have not the money we would say bring what you may have to pay with. COUNTRY PRODUCE, LUMBER, or almost any kind of MERCHANDISE will be received in payment. To those who have been unfortunate and are unable to pay, we would say come and see us, and if you cannot pay all, pay what you can and receive our demand cancelled; but at all events be sure and call without delay, for we should much regret to be obliged to send an unwelcome visitor to enforce pay, and, in consequence of an unwillingness or want of effort on the part of the debtor to pay his debts.

HEADACHE

DR. E. SPOHN, a German physician of much fame, having devoted his attention for some years to the cure and removal of the causes of the NERVOUS AND SICK HEADACHE, has the satisfaction to make known, that he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a constitutional incurable family complaint. Dr. S. assures those that they are mistaken and labouring under distress which they might not only alleviate, but eradicate by the use of his remedy.

It is the result of scientific research, and is entirely of a different character from advertised patent medicines, and is not unpleasant to the taste.

Sold by every Druggist in Bangor, and throughout the State. Address
COMSTOCK, & CO. New York.

Health and Strength!
DR. S. O. RICHARDSON'S
SHERRY WINE BITTERS,

ARE the only sure remedy for Dyspepsia and Jaundice that has ever been discovered and their general use for 32 years, with recommendations from the most eminent of the medical faculty, and editorial notices from the Boston Morning Post, Boston Daily Mail, Plymouth Memorial, Amoskeag Representative, Barnstable Patriot, Essex Banner, Haverhill Gazette, Lowell Patriot, Bunker Hill Aurora, Charlestown, Portsmouth Gazette, N. H., Dover Gazette, N. H., Northern Star, R. Island, Lincoln Telegraph, Me., New York Evening Signal, &c., must assure the afflicted that they possess wonderful merit.

THEY GIVE LIFE, ELASTICITY AND VIGOR to the nervous system, promote the peristaltic action, cleanse the stomach and bowels from unhealthy accumulations, and purify and enliven the blood in the most thorough and effectual manner.

They are the most certain remedy for all those prevalent diseases called Dyspepsia, Jaundice, Liver Complaints, Heartburn, Dizziness, Headache, Wandering or settled Pains, Sinking Faintness, Sour Stomach, Loss of Appetite, Weakness of the Limbs, Nervous Debility, Costiveness, Piles, and all diseases caused by an unhealthy state of the stomach and bowels.

They are the unrivalled and efficacious compound of a REGULAR PHYSICIAN and Graduate of the NEW-HAMPSHIRE MEDICAL COLLEGE, who has made the study of Medicine his profession.

Being composed entirely of vegetables, they are of such a nature that they may be taken for any length of time by invalids of any age, without injuring the system or exposing it to take cold.

BEWARE OF PEDLARS!!

The genuine article cannot be doubted of them on any pretence whatever.

I NEVER EMPLOY THEM, NOR ALLOW THEM TO SELL MY MEDICINES.

And all Bitters, put up in phials and small round bottles, purporting to be mine,

ARE RANK COUNTERFEITS.

As none are base enough to fill the empty bottles with their stuff, and thus deceive the unwary, and some have attempted an imitation of my Bitters in papers.*

BE CAREFUL OF WHOM YOU PURCHASE!

In consequence of these attempts at imposition, I have been at great expense in having new directions and wrappers, and in future the Bitters in papers will be done up in a different style. See that the envelope has on it my name in full, "entered according to act of Congress, in the year 1840, by S. O. Richardson, M. D., in the Clerk's Office of the District Court of Massachusetts;" and on the other side, "Established at South Reading, County of Middlesex, Massachusetts." The border around the inside directions, (which are printed on white tissue paper,) is so curiously engraved that the words "Dr. S. O. Richardson's Sherry Wine Bitters" present themselves in a thousand different forms. As a copy right has been granted me,

ALL INFRINGEMENTS WILL BE severely DEALT WITH according to law. The bottles are nearly ready to be issued in the same style.

All Bitters prepared by me have a fac-simile of my signature on the outer envelope,

TO COUNTERFEIT WHICH IS FORGERY.

AS YOU VALUE HEALTH, BE CAREFUL!

Orders from Agents, merchants, traders, druggists, apothecaries and dealers in medicines, will be punctually attended to, and sent to any part of the country, safely packed in boxes.

A liberal discount will be allowed on the sale.

For sale, wholesale and retail, at the *Doctor's Office, 15 Hanover Street, Boston.* and in most Towns throughout the New-England States.

Price 75 cts. per bottle 50 cts. per paper.

THE HAIR! THE HAIR!!

NO better evidence is wanting to allow the superiority of the Genuine Buffalo Oil, over other preparations, than that a number of Druggists are endeavoring to imitate it and foisting their miserable imitations on the public, for genuine. Read advertisements. Beware of Pedlars.

Genuine Buffalo Oil is fast taking place of all other articles to promote the growth, soften and beautify the Hair; its use gives it a softness that no other article does, and causes it to curl beautifully by free use it will darken and give the hair a satin gloss, it is highly perfumed and gives perfect satisfaction to all who have given it a trial. You will observe the signature of the proprietor, 'William Brown,' also 'Buffalo Oil,' imprinted on the bottle. In consequence of a counterfeit which has recently appeared and is now for sale, I have been persuaded to obtain a new label engraved on copper, for which I have secured a copy right, entered according to Act of Congress, in the Clerk's Office of the District Court of Massachusetts. Any infringement will be dealt with according to law. For sale by

THE ORIGINAL AND GENUINE BALSAM OF LIVERWORT, and the most popular remedy for Pulmonary Complaints. Price 37½ a bottle, the true original and genuine Balsam of Liverwort, that has now been in use in Boston, N. York and Philadelphia, for the past thirteen years. It is the most popular remedy now in extensive use for cure of Coughs, Colds, and all Pulmonary Complaints, Whooping Cough, Phthisic, Sour Stomach, Pain in the Side, and all Diseases of the Lungs, Liver Complaint, &c. For genuine, call for Mrs. M. N. Gardner's Balsam of Liverwort and observe the signature of the proprietor, WM. BROWN, Chemist, 481 Washington st., Boston, on the outside wrapper. As a further security against counterfeits, I have taken out a copy right of the outside direction, entered according to act of Congress, in the Clerk's Office of the District of Massachusetts, in the year 1840. Any infringement will be dealt with as the law directs. It is purely a vegetable compound, and is now recommended by many of our first physicians. See certificates accompanying directions. Its superiority over all other preparations is now fully established it needs only a trial.

For sale wholesale in Boston by the Proprietor. Also, for sale in large quantities by all the Wholesale Druggists, retailed by all the Druggists in Boston, Salem, Worcester, Springfield, Hartford, New Haven, Providence, and Taunton.

TOOTHACHE! TOOTHACHE! The genuine Gall and Kreosote is a sovereign remedy for removing this troublesome pain. It has been in extensive use for the past four years, and in no case has there been the least injurious effect from its use. It is the chief Kreosote that has been so much cried out against. Thousands can be referred to who have pronounced the Gall and Kreosote the best remedy ever invented. This article removes all smell from the breath when occasioned by decayed teeth. Reference can be made in Boston, proving its efficacy, to John Putnam, K. L. Weems, J. A. Dill, N. Talman, George Melville, F. H. Stephens master of Transportation Cars, Worcester. Prepared by WM. BROWN, Chemist, 481 Washington st. None genuine unless signed by Wm Brown. For sale by all Druggists in Boston. Price 75 cents large size.

NEW AND IMPORTANT DISCOVERY.
DR. PHELPS' COMPOUND
TOMATO PILLS,
[ENTIRELY VEGETABLE.]
A New and Invaluable Medicine for all Diseases arising from Impurities of the Blood, Morbid Secretions of the Liver and Stomach; also, a
Substitute for Calomel;
as a Cathartic in Fevers and all Bilious Affections.

THESE popular Pills being a combination of a newly discovered Alkaline substance, extracted from the TOMATO PLANT, with other vegetable substances which have been found to modify and diffuse its effects, are believed to be the best Alterative and Cathartic Medicine ever discovered. They have been abundantly and successfully tried, and have received universal approbation for Scrofula, Dyspepsia, Jaundice, Bilious Diseases, Gravel, Rheumatism, Coughs, Colds, Influenza, Catarrh, Nervous Diseases, Acid Stomachs, Glandular Swellings of all kinds, Costiveness, Cholic, Headache, &c.

They are an antidote to Contagious and Epidemic diseases; prevent the formation of Bilious and Liver affections Fever and Ague, &c., in those who reside in hot climates, and low and marshy countries, and are the best Cathartic that can be used for those localities. Seamen will find them an infallible remedy for the Scurvy; and Travellers, the best medicine they can use to counteract the dangers of exposure in unhealthy climates. For ordinary Family Physic, they are universally approved, as the best ever offered.

These Pills have a powerful and salutary operation upon the Glandular System, removing all obstructions from the Gland, wherever situated, Scrofulous and Scrofulous Taints in all their forms, and if persevered in, no case of Scrofula, however severe, can resist its influence. It is in their operation on the Glandular System that their effects are so peculiar and potent, and nearly resemble that of Calomel. In fact, the Tomatine has all the Alterative Deobstruent and Cathartic properties of Calomel, without ever producing unpleasant or injurious effects under any circumstances, either from exposure to cold or wet; on the contrary, the Compound Tomato Pills are the best remedy ever known to counteract the effects of Mercury, completely eradicating every particle of it from the system, and renovating the constitution broken down by its use; which it does by correcting the state of the blood, and through that, correcting the morbid secretions of the glands, and restoring them to a healthy and their own proper action. Its effects are analogous to Sarsaparilla and Blood Root, and in its combined action in the ingredients composing the Pills, it exerts a universal action peculiar to itself.

The peculiar virtues of the Tomato Plant, have for a long time attracted the attention of the Medical profession and the Public, and a lively interest has recently been directed to the future development of its active powers, as its Antibilious and Alterative qualities, which the Proprietor is now happy in being able to gratify and presents his Pills to the Public, with the full confidence of their being the most safe and valable remedy ever discovered adapted to all cases where nature is disturbed, and when any of the functions do not perform their natural or healthy action.

Numerous certificates of cures, from those who have taken them, and the testimony of several Physicians who have prescribed them, all concur to corroborate this opinion. The rapidly increasing demand for, and the universal approbation bestowed upon them, is an additional evidence of their merit and usefulness.

In presenting this article to the public, the Proprietor was induced by the hope that a medicine prepared with much care and strict regard to the Chemical and Therapeutic properties of its several ingredients, should take the place of the thousand and one irresponsible nostrums of the present day, with which the country is flooded and from the favor already bestowed upon it by physicians and others, he feels justified in expecting this result.

Often have the cures performed by this medicine been the subject of edited comment, in various newspapers and journals, and it may with truth be asserted that no medicine of the kind has ever received testimonials of great consideration. Some are attached to this.

Females from forty to fifty years of age will find them a powerful assistant in nature, in the important change in the functions of the system, removing all liabilities to Cancers, Glandular swellings, &c., and assisting to establish that new action in the animal economy which nature often fails to do. None should avoid a free and continued use of them, if they wish to escape a train of incurable maladies. For this purpose they should be taken every night and morning, and continued as long as any unpleasant symptoms remain.

For that congested and deranged state of the system which occurs in the commencement of Spring and Summer, these Pills are particularly applicable, in preventing Rheumatism, Coughs, congestion of the lungs, &c., and by prolonging many a life that otherwise would have been a sacrifice to the changes of the season.

Those persons liable sore throats, swelling of the glands, coughs, and other symptoms indicating Scrofula or Consumption should take warning in season, and embrace a remedy, which, while it is searching out and eradicating disease, makes no deductions from the vital powers of the system.

As a Dietetic or Dinner Pill, one taken half an hour after dinner will sufficiently stimulate the digestive powers of the stomach to healthy and invigorated action, and they are found extremely serviceable for those who indulge in late dinners, or late suppers, or immoderately in the use of fruit.

For a full account of this interesting discovery, testimonials, mode of operation, &c., see pamphlets, in the hands of those who sell these Pills.

Enquire for PHELPS' TOMATO PILLS, and be particular to observe that the label is signed G. R. PHELPS, M. D. Price 37 1-2 cents, with full directions accompanying each Box.

From the Bee Morning Post.

New Medicine. An Alkaline principle called Tomatine has been discovered in the Solanum class of plants, particularly in Tomato, which promises to be of peculiar service in Lung Affections, Scrofula, and Glandular obstructions, particularly of the Liver, also an antidote to Mercury. It is embodied in the Compound Tomato Pills, which are truly worthy of a trial.

From the Pub. & Democrat.

PILLS. Unlike the many speculations of the day, there is one medicine, which is receiving the popularity and patronage it deserves. We allude to Dr Phelps' Compound Tomato Pills. Judging from the patronage they are receiving from the Medical Faculty, and the approval of those who have used them, we should think they would superseded all others in use, as a family medicine. Being introduced by a respectable and practical member of the Medical profession, the character in this vicinity is a sufficient guarantee for the character of his medicine, we are glad thus confidently to speak of it, and fully believe it is entitled to the confidence of the community.

From the Transcript.

COMPOUND TOMATO PILLS.

Dr. Phelps, of Hartford has brought into successful use a most invaluable medicine in the Pill form, the healthy and pleasant vegetable, the Tomato. As this plant is known to possess medicinal virtues of a high order, as well as a large amount of nutriment, in the medicines into which it is compounded, is known to be powerfully available as a curative remedy in morbid secretions of the Liver and Stomach, impurities of the blood, and diseases of a bilious type generally. It is an excellent substitute for calomel, as an anti-bilious and cathartic medicine without its injurious properties, and has been found extremely efficacious in the cure of a long catalogue of diseases. Having adventured upon the use of this medicine ourselves, we cordially recommend it to others.

DR. SEARS' UNIVERSAL SANGUINARIAN---OR
BLOOD-ROOT PILLS.

THE pretence that any medicine is nearly an "infallible cure" for all diseases "that flesh is heir to," whatever their character, is a flagrant imposition upon the public confidence, and a most wicked outrage upon the generous sympathy that suffering humanity justly demands of us. Yet the very frequency and boldness of these impious frauds so eminently cruel to the unfortunate, furnish solid ground for presenting the public a remedy that may be intelligently appreciated and relied upon. That powerful medicinal agent, the Blood Root, is the basis of the Universal Sanguinarian Pills, and all the materials are drawn from the Vegetable Kingdom the grand source of support to animal existence. But in the combination, the different ingredients are so blended and modified as to give the compound a remarkable advantage over the simples, and it is believed over all other medicines. When it is considered that nearly all diseases, chronic and acute, are connected with a disordered action of the stomach and bowels, and that in most instances this is superinduced by disorder of the Bile, or Gall, which is the natural physic of the system and when it is farther considered that these Pills act with singular power upon these many organs, and through them upon the blood and entire physical economy, sober reason must justify the assertion, that this valuable discovery furnishes a remedy of rare efficiency in all curable cases of disease; and this deduction of reason is abundantly corroborated by experience. This medicine harmonizes with the laws of life, inspires and strengthens nature, and works its wonders, by generously cheering her on to a triumphant conflict with the obtrusive agents of disease. It is offered for general use, and as a safe and most valuable family medicine. Safe, not because it does nothing, (like many contemptible nostrums of newspaper celebrity, which by occupying the place of efficient remedies, are often fatal) but safe, because it aids and co-operates with nature, instead of setting her aside and violently attempting to perform her work by dangerous foreign agency.

COPY OF CERTAIN RESOLVES PASSED BY THE LEGISLATURE OF MAINE, IN THE YEAR 1841.

STATE OF MAINE.

RESOLVES for the appointment of a Board of Commissioners to settle the claims between certain individuals and the State.

RESOLVED, That the Justices of the District Courts in this State be appointed Commissioners (and in the event of a vacancy in the Board from any cause, the Governor, with the advice and consent of Council, shall forthwith proceed to fill the same) whose duty it shall be, on application made within one year from the passage of these Resolves of any person indebted to the State for the purchase of lands sold since the first day of January, in the year of our Lord one thousand eight hundred and thirty four, or who have become assignee to any such purchaser, and having an equitable claim against the State, praying to be relieved from the payment of notes due to the State, and from obligation to perform certain actiling duties, either wholly or in part, and asking for a conveyance of the land originally contracted to be sold, either wholly or in part, to proceed and hear and examine, on oath, or affirmation, every question and all facts relative to said applications. And said Commissioners are hereby empowered, after a full hearing and examination of such cases, to make a written report to the Land Agent directing him to settle and adjust said claims in such way and manner and upon such terms, as to them shall seem equitable, just and expedient; and said Commissioners may further direct such costs to be paid by said applicants, on account of expenses incurred by the State as to them shall seem reasonable and proper, to be paid before the execution by the Land Agent of the award.

Resolved, That each applicant shall [illegible] and file with the Land Agent, as soon as may be, brief statements of his case, one copy of which shall be forwarded by the Land Agent to each of the Commissioners, and one to the Attorney General.

Resolved, That all documents and written evidence produced before said Commissioners shall be filed in the Land Office.

Resolved, That the Land Agent be and hereby is authorized, upon the report made to him in writing by said Commissioners or a majority of them, to cancel and surrender any notes, securities, or obligations in his hands, and to discharge mortgages, give releases, and make and execute conveyances, in such way and manner, and upon such conditions only, as shall be prescribed in the report of said Commissioners.

Resolved, That the Governor, with the advice of Council, is hereby authorized to audit the accounts of said Commissioners, and to allow them such compensation for their services as to them shall appear reasonable and proper; and the Land Agent is hereby authorized to pay said Commissioners the amount due them allowed as aforesaid by the Governor and Council.

Resolved, That said Commissioners shall give public notice of the time and place of their first meeting under this Resolve, three months prior to said meeting, by publishing a notice thereof three weeks successively in the State newspaper, and in such other public newspapers as they may think proper; and it is hereby made the duty of the Attorney General to procure evidence, and to attend the meetings of said Commissioners, and act in behalf of the State in all applications that shall be laid before said Board of Commissioners. [Approved March 31, 1841.]

STATE OF MAINE.

An additional Resolve in relation to the appointment of a Board of Commissioners to settle claims between certain individuals and the State.

RESOLVED, That the Resolves approved Mar. 31, 1841, appointing the Justices of the District Court a Board of Commissioners to settle the claims between certain individuals and the State, shall become a law and take effect from and after the passage of this Resolve; that a majority of said Justices may constitute said Board and be authorized and empowered to act in the premises, and that thirty days notice shall be given, instead of three months notice as required by said Resolves. [Approved April 16, 1841.]

The undersigned, the Commissioners named in the foregoing Resolves, hereby gives notice that they will meet at the COURT HOUSE, in Bangor, on the TWELFTH DAY OF JULY NEXT, at ten o'clock in the forenoon, for the purpose of acting upon the claims, and performing the duties contemplated in said Resolves.

OPENING OF THE CAMPAIGN.

The nomination of John Fairfield by the Opposition party of this State, as a candidate for Governor, fairly opens the door for a thorough examination of his late administration of affairs. No complaint can now be made if a searching operation is entered upon in all the departments for which he was in any manner responsible. The issue is before the people as to which administration of affairs they most approve, that of John Fairfield, by which the State was loaded with debt and suffered greatly in other ways which we shall have occasion to show; or, that of Edward Kent, by which heedlessness, to say the least, in the Financial and Land departments has been stopped, and the State fast redeeming her character.

The leaders of the Opposition have given up all hope of expectation of carrying either branch of the Legislature, and intend to devote their whole power, slyly and secretly until a short time before election, and then boldly and fiercely, to elect their Governor. To this single point they mean to sacrifice everything, and trusting to lukewarmness on the part of the whigs they have some faint hopes that they may succeed.

It has come to our ears that in this city great efforts are making for a grand "last card" to be played off just before the election in the hope of frightening the Whigs!

We expect that the concentrated power of leaders who have lost power and pay long held and sadly abused, will cause the present campaign to be one of excitement and labor; but we have the fullest confidence that the great body of the calm minded people of Maine, as in other States, have a growing confidence in the generous and genuine democracy of the administration of our State and Nation. They discover true integrity and unqualified patriotism in these administrations, and they will be slow in showing a factious opposition to them.

It will be our purpose to examine closely the late administration of John Fairfield, because in this way we can best judge whether the State will gain or lose by having him at the head of affairs. We intend that the approaching campaign, so far as depends upon us, shall be conducted with perfect fairness but without any flinching. We believe our opponents will be unscrupulous in their measures to carry the election. They have become accustomed to a base power when in their possession; and chagrined and desperate as they now are, we cannot hope for any amendment. The best cure for them is, for the patriotic, true hearted democracy of the State to nerve up for one more effort, rally around the polls, and sustain, with an emphasis that cannot be mistaken or resisted the true principles of our republican government, and preserve our institutions from being broken down by the clamorous opposition of desperate politicians.

☞ The Kennebec Journal states that the speakers at the locofoco state convention disclosed the fact that their hopes of electing a governor, rest entirely upon the supposed lukewarmness and disaffection of the Whigs. It has been apparent to us for some time that such was the case in this vicinity. Our belief is that they will find the democratic whigs of Maine and throughout the Union true and active in support of their measures and principles. They know that their work is but partially accomplished in removing men from office who have prostituted power to base purposes, and they have nerve enough left to carry their success to a favorable and happy issue. They see their opponents all over the country intent on vigorous efforts again to introduce their destructive measures. Honor, patriotism, consistency, all demand of the great and true democracy of the land unceasing labor to keep their principles in the ascendant that the country may be preserved and blessed. Lukewarmness, then, is criminal. Divisions on minor and personal points, treason. Thus far the Whigs have only "scotched the snake, not killed him." Patience, watchfulness and endurance can alone destroy the political monster that has so long been feeding upon the vitals of the republic. "Eternal vigilance is the price of liberty." The worthy, benevolent and good can only be obtained by continual effort.

DISCIPLINE

is more of truth than poetry in the following extract from Blackwood's Magazine. It surprises that most parents and teachers too, imagine that if they can crowd the heads of their children or pupils with a smattering of all sorts of knowledge, without reference to discipline, they will be great and shining lights as a matter of course. To learn a little and to learn that little well, is an idea that ought to prevail to a greater extent than it does. And if it were acted upon, doating parents would have their wishes gratified in regard to their children, where they are greatly disappointed.

Modern Education.—"Larning—larning—larning" is the cry of father and mother—if my boy had the "larning," what a junius he'd be. In course, ye old fools, your *bouchal* would be a swan among the goslins; but it isn't "larning," half the world wants—instead of "larning," by which they mean cobwebs picked out of dead men's brains, that they would get some discipline. Discipline discipline discipline, that's the only education I ever saw that ever brought a boy to any good. What's the use of battering a man's brains full of Greek and Latin pot hooks, that he forgets before he doffs his last round jacket, to put on his first long tailed blue, if ye don't teach him the old Spartan virtue of obedience, hard living, early rising, and *them sort of classics?* Where's the use of instructin' him in hexameters and pentameters, if you leave him ignorant of the value of a penny piece? What height of blatherin' stupidity it is to be fillin' a boy's brains with the wisdom of the ancients, and then, turn him out like an *opindhaun* to pick up his victuals among the moderns?

The above extract from the June Gentleman's Magazine, (London,) is a curious example of *ignorance of the Geography* of this country, very prevalent among the educated as well as vulgar. *Salem Gazette.*

☞ The following, told by the *Concord Freeman*, is probably as true as it ever was; and is too good a story to be lost, at any rate.

Some years ago a bill was reported in the N. York House of Assembly entitled "An Act for the preservation of Heath Hen and other Game." The Speaker of the House who was probably not much of a sportsman, gravely read it "An Act for the preservation of *Heathen* and other Game,' a blunder of which he was unconscious until an honest member from the North who had suffered considerably by the depredations of the frontier Indians, moved an amendment by adding the words 'except Indians.' After the mistake of the Speaker was corrected, the amendment of course became unnecessary and was withdrawn.

A Young Lordling. A correspondent of the Atlas gives an interesting account of a young Italian nobleman now in Montreal: "He is a young man not quite twenty-one years of age, and is known commonly as Mr Leontine; his real name, we learn, is *Leontio Vorsin de Tracy.* He is reputed to be the true and lawful heir to the Dukedom of Doria and Savoy, from which his father and himself were exiled by Austria, at the earnest solicitation of the Pope, on account of their Potestant religion, and his father having joined the Liberal party. Leontio moreover, is said to be a lineal descendant of the Genoese Admiral *Andra Doria*, who defeated the Turks during the reign of Charles V. and also a descendant of Godfrey de Bouillon, the far-famed hero of Jerusalem. Leontio has become acquainted with twenty-four languages, of which he *speaks* SEVENTEEN!! He has been round the world, examining its people and wonders, and now, by some contingency, finds himself a lecturer at Montreal. His description of Hindoos, Delhi, and other places visited by him in person, are said to be quite interesting especially since he takes occasion to interspersa his narrative with a recital of some of the fantastical notions of the Brahmins and Hindoos. He compares the languages of Ireland and Hindostan corroborating the opinion long since [illegible] of the Phenician with [illegible] in the Lucrative Isle, who in turn derived [illegible] arts and sciences they [illegible] from the Hindoos.

Correspondence of the Tribune.

Washington, Monday, June 21, 1841.

A message was received from the President, containing the reasons of his return of the Bank bill without his approval, and inclosing the correspondence on that subject, both which were read and ordered to be printed.

Mr. Clay of Kentucky, Chairman of the Committee of the Currency, made a report from that Committee in favor of a Bank of the United States. The report is an able document, exhibiting a deep financial knowledge. It is accompanied by a bill, which I have examined. It differs but little in its outlines from the Secretary's plan. It gives Congress power to increase its capital and establish branches with or without the consent of the States; to be located in Washington; discounting to be prohibited at the mother Bank; the capital to be thirty millions.

The report and bill were ordered printed, and made the special order for Wednesday.

The motion of Mr. Clay to print 1500 extra copies of the Report of the Secretary of the Treasury, was taken up and discussed at length by Messrs. Woodbury, Calhoun, Clay of Ky., Buchanan and others, and passed.

The Senate agreed to meet at 10 o'clock from Wednesday.

In the House, after some debate, the bill for the repeal of the Sub Treasury, was referred to the Committee of Ways and Means; where, under the direction of the eminent [illegible], Mr. Fillmore, it will undoubt be promptly acted on, and returned to the House.

The resolution previously offered by Mr Davis of N. Y. calling of the President for information relative to the seizure of American vessels, by British armed cruisers, was taken up. Mr. Adams offered an amendment calling also for copies of all correspondence between the Governments of the United States and Great Britain, relative to the Foreign Slave Trade, since the 3d March, 1836, and also those parts of dispatches from Nicholas P. Trist, Consul of the United States at the Havana, to the Department of State, not communicated in the Message of that date. The resolutions and amendment were adopted.

The resolution and plan of Mr. Barnard for a National Bank was taken up, and, without printing, referred to the Select Committee on the Currency.

The resolution of Mr. Wood of N. Y., previously offered was adopted, calling on the President for information relative to the American citizens now British prisoners of State, at Van Dieman's Land.

The resolution of Mr Wise, calling on the Secretary of the Treasury for the plan of a Fiscal Agent, recommended in his report at this Session, was adopted.

The plan has not, as yet, been presented to the House, although it was to the Senate some days since.

A debate of some length arose on the propriety of this call, in which Messrs. G. Davis Underwood and others opposed calling on the Executive Department for plans for legislation, and maintaining that the Legislative should be entirely divorced from the Executive Department of the Government.

On the contrary, it was maintained by Mr. Adams and others that this, although an exception to the general principles of our Government, was sustained by universal precedent since the foundation of our Government, as this officer was bound by his office to be perfectly acquainted with the condition and wants of the Treasury; and it was his express duty to forward plans for the improvement of the revenue to Congress.

The bill making appropriations for the present session of Congress was taken up in Committee of the Whole House and immediately passed; and also in the House. No objections of course were raised to a measure operating with so much force on the acquisitive organs. The amount of appropriation was $397,666.

Discharge of Capt Gorham and his Crew. The Charleston Patriot says that an examination was held theron Friday the 18th, before a U. S. District Judge, at which there appeared no reason for the detention of the Captain and Crew of the Charles, who were honorably discharged. Capt. Gorham stated that the blood found in the cabin of the ship was from having cut his hand in breaking off the neck of a bottle of Porter, about the time of his leaving her, and the blood seen on the deck arose from the Mate cutting his hand in making a thole pin.

The Piracy still continues the occasion of intense excitement in New Orleans. The Picayune of the 13th says that among the rubbish on board the Charles there has been found the upper portion of a female's dress, the inside dappled with blood, and having an incision apparently made with a knife. The dog found in the boat belonging to the Charles, spends most of his time on the spot of the deck where blood was first discovered. From all these circumstances, the Picayune concludes that a tale of horror remains to be told. These alarming apprehensions, natural enough under the circumstances, will be agreeably allayed by the receipt of the news from Charleston.—N. Y. Tribune.

Gov. Kent has lately made a tour through the Aroostook county, to examine it personally, ascertain the wants of the settlers, and be prepared to recommend the best means of promoting and protecting new settlements. There is now a small but sufficient force at Fort Fairfield, maintained at the joint expense of Maine and Massachusetts. Mr. Hamlin, the Land Agent went up to Fish River and Madawaska. We learn from the Aroostook papers that there are only about 30 scows at Madawaska, the remainder having been ordered up to Degele and Temiscouta Lake. Trespassers do not operate much in the summer season after getting their logs down in the spring. We believe trespassing on this side of St. John has been nearly stopped. *Kennebec Journal.*

Origin of Glass. In the neighborhood of St. Jean d'Acre flows the river Belus, and here it may be remarked, how often do we find from the most trivial circumstances, discoveries have arrisen of the highest importance. Some Sidonian merchants carrying nitre, happened to stop at the mouth of the stream, and not finding stones to place their kettles on to cook provisions, piled up the sand and nitre for this purpose, when the action of fire on these ingredients, a new substance was discovered, namely glass, which has added much not only to the comforts of life, but to progress of science. The sand of this was continued to supply the manufactories of Phenicia with materials for that beautiful production, and in the seventeenth century vessels were employed at St. Jean d'Acre to remove the glass houses of Venice and Genoa. It is conceded, that under the Emperor's windows, constructed of a certain transparent material (*epic specular*) found in Gaul [illegible] Belus, and might be split in [illegible] like slate, but not where five feet in [illegible]

How to keep a Prisoner.—The Boston Post relates the following [illegible] practice of the late [illegible] of Maine [illegible]

He often had to convey desperate prisoners from one part of the county to another, and when night came, he used to iron himself hand and foot to his prisoner, and go to bed, and address him thus:—"You can now go to sleep, if you like, or let it alone. For my part, I shall go to sleep. You can't get away without waking me up, and carrying me with you. You have got one arm and one leg free, and so have I. Yet you may make out to kill me, but if you do you'll have to carry my corpse with you, and that will be proof enough to get you hanged for murder, so, you see, I shall stick to you like death to a dead Nigger, any way you can fix it. Good night." It is hardly necessary to say that with this queer measure of precaution, no prisoner attempted to escape from Sampson.

TWO ERAS IN A DRUNKARD'S LIFE.

To-day.—Glorious Sensations.

Live ye loafers, while ye may,
Give your souls in mirth to-day;
Drinking drowns all care and sorrow
Thinking brings a sad to-morrow,
Blow, O blow it, boys, out strong!
Go, O go it, while you re young!
Mine's a life of fun and frolic
Wine's a cure for care and cholic!

To-morrow "Sol. Reflections."

Life's a humbug death's a hoax
Strifes and griefs are serious jokes
Riches have flown I cannot catch 'em
Breeches are torn no wife to patch 'em;
Blast the luck and blast the liquor!
Cast all grog to Oh! I'm sicker!
See the demons! how they're dancing!
Spreeing, grinning, kicking, prancing!
Some set grinning on their beam ends
Rum is more rum! I've got the *tremens*!

Adams's Vennis Water.

THE true Remedy! the Sovereign Restorative!! the grand producer!!! The subscriber informs the public that after FOURTEEN YEARS of study, ten of which have been years of immense labor and difficulty, he has discovered the *only true remedy against the loss, the sovereign restorative in case of a deficiency, and the grand producer of that most beautiful ornament of the human form divine,*" THE HAIR!

That it may be known that this Venis Water is an invaluable article, I will state that in the first years of my labors upon it, its application to the head for two consecutive seasons, was necessary in order to establish a good growth of hair, but now only one season is required to secure a full have been my improvements upon it! And I have the proud satisfaction of knowing that in the City of Bangor alone *three hundred and forty heads* which were once bald, can, by the heavy growth of hair upon them, bear witness to the wonderful effects which this Venus Water has produced within eighteen months!

I will add a few, of the certificates almost innumerable, which have been given me by individuals who have derived benefit from this Water.

MR T. D ADAMS—Having availed myself of the extraordinary benefits of your Vennis Water, I feel it my duty to the public, as well as to yourself, to submit for their perusal, a plain statement of the facts in my case. I had been entirely bald for seven years, and had lost my eye brows, during which time I tried the remedies of three physicians without any benefit.

In reading over the advertisement of your celebrated Vennis Water, I concluded to try it, and now am the proprietor of a fine head of hair and a beautiful pair of eye-brows

MISS ELIZA WORTHINGTON.
Bangor, May 6, 1841.

This is to certify, that I have used Mr Adams' Venuis Water for baldness of the head, and that it has restored me a good head of hair, where before using it the hair was entirely gone. I also have used other medicines which have started the hair, but it would come out again.—But the Venuis Water has restored it so that it is as strong and stronger than before I first lost it. And to all those who are troubled with baldness, I would say be sure and call on Thomas D. Adams, and try it immediately, and you will have your hair growing again forthwith.
ARTEMAS J. EGERY.
Bangor, May 14, 1841.

This may certify that [illegible] I have used T. D Adams' Vennis Water, and have the satisfaction to say that the top of my head, which for a long time was bald, is now entirely covered with a good growth of hair.
EDMUND HOLT.
Bangor, February 25, 1841.

I hereby certify that for the last two or three years my head has been bald, and that during that period, I have used a great number of applications recommended for their efficacy in restoring the hair from which I have never received any benefit, some even having proved injurious until the past summer, I made use of Thomas D Adams' Venuis Water, which has entirely exceeded my expectations, and covered my head with a strong growth of hair.
HANNAH PALMER.
Bangor, May 15, 1841.

This may certify that the hair upon the top of my head, being nearly gone and the remainder fast dropping off daily, I was induced by Mr. T. D. Adams, to try his Vennis Water, and during the last year he has made frequent applications of it to my head. I have now a considerable growth of new hair, produced, as I suppose, by the use of his remedy
D. HARRIS.
Bangor, Feb. 5, 1841.

This may certify that I called on Mr. T. D. Adams in May, 1836, I used his Venuis Water for three months and it has produced as much hair as I wish to have on my head.
Bangor, Sept. 1837. NANCY SMITH.

This may certify that my head was entirely bald, and by the use of T. D. Adams' Venuis Water for three months my hair has been restored.
Bangor, Feb. 15, 1841. CALEB B. HOLMES.

I have used Mr. Adams's Venuis Water, for the growth of the hair for about six months, and am happy to say that it has answered every purpose in producing a good head of hair, and prevent the hair from coming out by combing.
Bangor, Feb. 8, 1841. MARY JONES.

This may certify that for the last six months I have used Adams' Venuis Water, and have the satisfaction to say that the top of my head which for a long time was bald is now entirely covered with a good growth of hair.
Bangor, Feb. 12, 1841. WM. FROST.

This may certify that for the last twenty years the top of my head had been bald, but now is well covered with a good growth of hair, I used the Venuis Water for four months.
Bangor, Feb. 15, 1841. E. R. WARREN.

This certifies that I have used a preparation made by Mr. Thos. D. Adams of this city, to restore hair to the head, after it had fallen off, and having derived much benefit from it, I would cheerfully recommend its use to others.
Bangor, Feb. 16, 1841. A. HOLTON.

CONSUMPTION AND LIVER COMPLAINT.

BALSOM OF LIVERWORT.

DR. TAYLOR'S BALSOM of LIVERWORT has been used successfully for eight years in the Cure of these Diseases ☞ Remember! the original and genuine is made ONLY at 375 Bowery, New York, all others are spurious and unauthorized.

CONSUMPTION & LIVER COMPLAINT As a general remedy for these diseases, I am fully satisfied from long experience, there is no medicine equal to Dr. Taylor's Balsom of Liverwort. Being purely vegetable, it can be used with the utmost safety by all persons in every condition. It cleanses the lungs by expectoration, relieves difficult breathing, and heals the chest. There can be no question, but this medicine is a certain cure for chronic coughs and colds. I have used it for four years in my practice, and always with success. A. F. RODGERS, M. D.

☞ SPITTING OF BLOOD. This disease consists of a discharge of blood, often frothy, from the mouth brought up with walking and coughing, and is usually accompanied with difficulty of breathing, and some pain in the chest. Sometimes it is preceded by an oppression at the chest, a dry tickling cough and slight shooting pains. This disease is always more or less dangerous. The great danger is that these symptoms may terminate in consumption, and immediate remedies can alone save this end. But Dr. Taylor's Balsom of Liverwort is a sure remedy, and to shew its unparalleled success, certificates of cures from 421 citizens, and many physicians, will be published in a few days.

☞ NERVOUS DISEASES AND WEAKNESS Dr. Taylor's Balsom of Liverwort made at 375 Bowery, is assuredly an excellent remedy for these diseases My wife has been more or less ill for ten years She was extremely nervous and at times so weak that she could not attend to her domestic duties. By the use of this medicine, her strength is wholly restored, and she is as healthy as I can wish her to be. My address is at Dr. Taylor's office.

CURE OF CONSUMPTION. Mrs Martin, a worthy member of my congregation, was taken ill some time since with a cold, pain in the breast and some difficulty of breathing, and in a few days thereafter she had a violent cough and violent pain in the sides, which no medicine would relieve. She continued in this way for a long time under the medical care of Dr. Rea, but finally became consumptive, and was evidently near the end of her earthly sufferings, when her brother persuaded her to try Dr. Taylor's Balsam of Liverwort. When she commenced this medicine it did not seem to agree with her for a few days, but by lessening the dose she found it answered admirably it relieved her cough and her difficulty of breathing instantly and we had the pleasure of witnessing her rapid recovery to health.

THE MASSACHUSETTS CHARITABLE MECHANIC ASSOCIATION.

ANNOUNCE to the public that their THIRD EXHIBITION for the encouragement of Manufactures and the Mechanic Arts, will be opened at Quincy Hall, in the city of Boston commencing on MONDAY, SEPT. 20, of the present year

The officers and trustees for the year 1841, having been vested by the association with full powers to make the necessary arrangements, respectfully invite Manufacturers, Mechanics and Artists, the ingenious and scientific, to offer for Exhibition and Premium articles in every department of Art, Science, and Taste; choice specimens of native skill and ingenuity, useful labor-saving machines, implements of husbandry, and new models of machinery in all their variety in fine, every species of article for any useful or ornamental purpose, made of wood, stone, metal or other material. The products of the loom in silk, cotton, wool, hemp, flax or hair and all articles devised by female ingenuity, or wrought by their industry, will have a proper place in the exhibition.

Medals (of gold or silver) or Diplomas will be awarded for all articles of merit deemed worthy of such distinction; and the Managers pledge themselves that strict impartiality will be observed in their distribution and that competent judges shall be appointed, who in no case will be competitors for premiums on articles exhibited.

In the future, [illegible] that this office will meet the early attention of the Manufacturers and Mechanics of Massachusetts, as well as of our sister States, (who, we shall be proud to meet in this glorious field of competition) the Managers will make such arrangements as shall insure a fair and full opportunity for a display of every article which may be entered on or before the 15th of September, and although they will not exclude such articles as may be afterwards offered, yet they cannot promise them so conspicuous a place in the Exhibition as those will have which are earlier entered.

Articles intended for Exhibition must be delivered to the Superintendent at Quincy Hall, on or before Wednesday Sept. 15th.

Articles may be offered by Apprentices, (by permission of their Masters, who, if required, must give their names, ages, and the time they have served as apprentices) which will be registered, but will be judged as the productions of Apprentices.

Arrangements will be made to exhibit, in operation, any working models that may be offered, which will render the Exhibition useful and interesting.

Communications relative to the Exhibition may be addressed to WILLIAM WASHBURN, Superintendent, or HENRY W. DUTTON, Secretary, 10 & 12 Exchange street, (Post paid.)

Important Caution.

It is a singular fact and one much to be regretted, that valuable medicines, as soon as they become popular, and have received the test and approval of a discriminating public, are sure to be counterfeited, and thus a bad and spurious article is immediately palmed upon the unsuspecting as the genuine. This has been notoriously the case with all popular tried and truly valuable medicines for years past, and will probably continue to be the case for years to come.

The base and contemptible counterfeiter in this way meanly takes advantage of all the efforts and the advertising used by the proprietors of the genuine article to get their medicines into use and deserved popularity. It is therefore not less the duty than it contributes to the safety of every honest individual in the community, to expose, frown down, and forever after distrust all heartless ingrates, who thus irresponsibly trifle with health and life.

THEREFORE TAKE NOTICE.

There is a person by the name of J. B. ROCHEFORT, now engaged in selling a Pill done up in boxes in exact and perfect imitation of the genuine INDIAN VEGETABLE PILLS, with the omission of only one word on the boxes viz. WRIGHT. The Pills sold by this Rochefort are evidently intended as a fraud and imposition upon the community, or they would not have been done up in such exact imitation of the genuine. This person is tall and bloustering, with a great Theatrical swagger. He was recently known as a very poor player in Baltimore, under the musical cognomen of Jim Brown, and is about twenty five years of age. It is almost beyond a doubt that he is supplied with the Pills from a Druggist firm in this city, who have been heretofore notoriously connected with counterfeit medicines. As soon as proof is obtained, the fountain head of this nefarious business will be exposed, that the community may shun them as they would a serpent.

IN THE MEAN TIME THE PUBLIC ARE CAUTIONED

against buying WRIGHT'S Indian Vegetable Pills of any one who does not exhibit a certificate of agency signed by the agent for the New England States, and bearing date since January, 1840. Also take particular notice that the following wording is on the Boxes

WRIGHT'S *Indian Vegetable Pills*—(Indian Purgative) of the North American College of Health.

THE INDIAN VEGETABLE PILLS are a certain cure for disease in its every variety of form, because they thoroughly cleanse the stomach and bowels, induce a proper discharge by the lungs, skin and kidney, and stimulate the blood to purify itself. In other words they open all the natural drains, and leave NATURE (THE GRAND PHYSICIAN) free to drive disease from the body. The above outlets, or drains, are the common sewers of the body, through which all morbid and corrupt humors (the cause of disease) are carried off and so long as they are all kept open, and discharge freely their allotted portions of impurity the body will continue in health; but when from eating improper food, breathing impure air, sudden transitions from heat to cold, over exhustion, or any other cause, the bowels become costive, the pores of the skin become closed or the kidneys fail to perform their functions properly, the impurities which should be drained from the body by those outlets will be retained, and continue to accumulate until the body becomes literally loaded with disease.

The above pills may be taken at all times, and under all circumstances, with perfect safety. They suit all complaints and all ages, and are as natural to the human constitution as food, consequently they can never injure even the most delicate. Like our food they are digestible; therefore they enter into the circulation, and impart an energy to the blood, which enables it to flow with freedom quite to the extremities, and consequently to keep the pores of the skin open. They are true and perfect purifiers of the blood; because they drain all corrupt humors from that life giving fluid. They impart strength and vigor to the whole system, and their effects are always beneficial; because they only remove those humors which are opposed to health. They aid and improve digestion, and sound sleep follows their use; because they cleanse the stomach and bowels of their slimy humors which not only irritate and excite the nervous system, but parylize and weaken the digestive organs. In short they possess all the good properties that can be claimed for any medicine; and what is very remarkable, it is utterly impossible to use them without benefit.

Price 25 cents per Box, with full Directions.

☞ Office and General Depot for the New England States, No 196 TREMONT STREET, near Court street, Boston.

☞ The Regular appointed Agents can receive their supplies of the above popular Pills, as heretofore, from the ONLY OFFICE and GENERAL DEPOT for the New England States, 196 Tremont street Boston.

☞ Pedlers or travelling Agents are not allowed to sell the Genuine Indian Vegetable Pills, therefore never purchase from them, for if you do you will be sure to obtain a DANGEROUS and Counterfeit article.

CONSUMPTION.

DR. ALLEN'S BALSAM of Horehound and Liverwort, and Pleurisy Root, FOR CONSUMPTION AND LIVER COMPLAINT, Colds, Coughs, Spitting of Blood, Catarrh, Asthma, Difficulty of Breathing, Pain in the Side, Palpitation of the Heart, Oppression and Tightness of the Chest, Pleurisy, Hectic Fever, Night Sweats, Difficult and Profuse Expectoration, and all affections of the Chest, Lungs and Liver.

The Hoarhound, Liverwort, and Pleurisy Root have for centuries been celebrated in the cure of diseases of the Lungs and Liver.

Dr. B. D. Allen, after a series of experiments, has been able to extract from these medical herbs a balsam, which exerts a most wonderful effect in curing Consumption and Liver Complaint, and all other diseases of the Lungs and Chest. So great has become the reputation of Dr. Allen's Balsam that it is now used in the New York, Philadelphia and Baltimore Hospitals, and in the private practice of our most eminent medical men.

For children laboring under Inflammation of the Lungs, Colds, Coughs, Croup, Quinsy, and Sore Throat this Balsam is of great importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves much trouble and expense, let them procure Dr. B. D. Allen's Balsam; and whenever a child has taken cold, has any fever, cough, or hoarseness, give a teaspoonful of this medicine, and repeat it if necessary; even one teaspoonful will often effect an entire cure. During the winter of 1839, rising of one thousand families employed this remedy in the city of New York. The consequence was, that the number of deaths among children was reduced to less than one half the usual number, as may be seen by the city inspector's report of deaths.

In order to give the reader some idea of the efficacy of this Balsam, and how extensively it is used, we here introduce the monthly report of the cures performed in the month of May, 1839, as furnished us by the agent, and published in the New York Sun.

"Monthly Report of the cures performed by Dr. B. D. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root during the month of May. It has cured and completed the cure of.

Consumption in	121	cases
Liver complaint	102	"
Dyspepsia	196	"
Asthma	91	"
Palpitation of the Heart	47	"
Raising Blood	66	"
Total	1652	

"The number of Colds and Coughs cured by this medicine are too numerous to report"

**CAUTION Purchase none unless it has a Certificate of Copyright on wrapper and label, and the written signature of B. D. ALLEN, M. D.

The following certificates show the high estimation in which Dr. Allen's Balsam is held.

OPINIONS OF THE MEDICAL FACULTY.

At a meeting of the Medical Society of Washington County, the following Resolution was unanimously passed:

Resolved That from a knowledge of the composition of Dr. Allen's Balsam of Hoarhound, Liverwort and Pleurisy Root, and the most astonishing effects we have seen it have upon our patients, it is our decided and unanimous opinion that it will cure Consumption and Liver complaint and we do strongly recommend it to the faculty and the public generally.

From J. L. Rogers, M. D. N. Y. City.

Dr. B. D. ALLEN. Dear Sir For a year past I have been in the habit of prescribing your Balsam of Hoarhound, Liverwort and Pleurisy Root in my patients in private practice I have also used it in the Hospital. I find it a remedy of great efficacy in affections of the Lungs and Liver. In cases of Consumption, Cough, Asthma, and Bronchitis, I have found it a very efficacious, and I believe it is prescribed very generally by the profession.

I have the honor to be, yours, &c.
J. L. ROGERS, M. D.

To B. D. Allen, M. D.

From Rev Dr. Scott, of New-York,

Dr. B. D. ALLEN. Dear Sir I am most happy to inform you that your Balsam of Hoarhound, Liverwort and Pleurisy Root, has cured me of the Liver complaint; a disease under which I had laboured upwards of six years. I have recommended it to several of my friends when afflicted with the same malady, and in every instance has it been successful Hoping that God may spare your life for usefulness. I am respectfully yours,

NOTICE OF FORECLOSURE.

THE subscriber, of Bangor, county of Penobscot, and State of Maine, hereby gives public notice, that Robert Boyd and Lendal G. S. Boyd, both of Portland, in the county of Cumberland, by their deed of mortgage dated Sept. 21st, 1835, and duly recorded in the Penobscot Registry of Deeds, book 68, page 253, conveyed to the subscriber one undivided quarter part of a certain piece or parcel of land situate in Bangor, aforesaid, on the West side of Kenduskeag River, and described as follows, viz: Beginning at a line of the Avenue road, so called, in a line of land owned by William D. Williamson, thence westerly in said line to the head of the [illegible] stake; thence at right angles to the Carmel road, so called; thence by the line of said road to a stone with a hole in it; thence at right angles in a line of land owned by William Emerson to the Avenue road aforesaid; thence in a line of said road to the first mentioned bound, being one fourth part of the same land named in said Wyatt's Deed to said R. and L. G. S. Boyd and others, dated the day and year aforesaid, which said fourth part the said R. and L. G. S. Boyd did convey to me to secure the payment of certain notes of hand mentioned in said mortgage, to which reference is had; and whereas the conditions of each of said mortgages have been broken by reason of the nonpayment of the sums expressed therein, the subscriber therefore claims to foreclose said mortgages and gives this public notice of his claim and foreclosure in pursuance of the statute.

W[illegible] CANDY.

[illegible] CANDY, for the cure of Coughs, Colds, Difficulty of Breathing, Sore Throat, and all pulmonary complaints. It is also in extensive use for Clearing the Voice of Speakers and Public Singers. Its efficacy is fully established for relief in the above complaints. As there are imitations in the market that are frequently sold for Brown's, in order to avoid them the proprietor of this valuable Cough remedy, is to the great expense of having it stamped "Wm. Brown, Boston." Also the Directions are signed. For sale by the proprietors, and retailers generally. Price 19 cts for 4 ozs. The great increase of sales this season is sufficient to satisfy the whole community of its superiority. As an evidence read Certificate:

I hereby certify that in the month of October, 1839, I manufactured from a medicated decoction furnished by Wm. Brown, Druggist, 481 Washington Street, Boston, 524 lbs of his Compound Boneset Candy. Same month this year, 1840, I manufactured for him 2285½ lbs. showing an increase to satisfy all that the article is truly all the go. Six years since in the same month I made but 50 lbs. It is now ten years to my knowledge that this Candy has been made by Mr Brown.
